AURIA – CLEANET TECHNOLOGY IN PERFECTION

With CLEANET AURIA, LAUFEN is setting new standards in the field of shower toilets. With its groundbreaking technology, intuitive operation, and minimalist design by Peter Wirz, Auria redefines the bathroom experience. With Auria, LAUFEN is opening a new chapter in its more than 130-year history of innovation.

LAUFEN Cleanets have been game changers in bathroom design from the very beginning: with “Swisswash,” LAUFEN was the first company to successfully incorporate state-of-the-art shower technology into a ceramic shell with the dimensions of a standard toilet. With the Cleanet Auria, LAUFEN's developers have been able to integrate a maximum of innovative functions into the ceramic body. This means that Auria is not only the new high-end product in the LAUFEN Cleanet range, it also marks a highlight of Swiss engineering.

DESIGN & TECHNOLOGY TAILORED TO YOUR NEEDS

The new LAUFEN Cleanet Auria brings maximum hygiene and comfort to the most personal place in your home, blending harmoniously into the architecture of your bathroom. Whether minimalist, glamorous, or classic, Auria does not stand out as a stylistic intrusion in your interior design, but skillfully complements your style. It is incredibly easy to use and intuitive to operate. Because when you want to be completely at ease, the technology must be fully tailored to your needs. Turn your bathroom into an environment where design and function are tailored to you – a place that bears your personal signature.

TAKE CONTROL

Intuitive, ergonomic, stylish – the remote control allows you to operate the LAUFEN Cleanet Auria precisely and easily.

THE BENEFITS

The new CLEANET AURIA unites design and innovation to enrich your everyday well-being.

DESIGN.

Minimalist in form, CLEANET AURIA presents itself as a familiar WC, designed to harmonise with any interior style, yet beneath its simplicity, advanced technology delivers comfort and hygiene with ease. A perfect expression of Swiss design and engineering.

COMFORT.

Everyday life, enriched with small luxuries that feel like second nature. A gentle ambient glow guides you at night, while the lid lifts automatically. Once activated by the weight sensor, your personalised cleaning programme begins – with all preferred settings conveniently stored in the remote control or app.

HYGIENE.

At the heart of its hygienic excellence is a unique thermal cleaning concept – the only one of its kind worldwide – guaranteeing unmatched hygiene and safety. Combined with antibacterial materials, rimless design and an advanced surface finish, every detail has been designed to keep the toilet fresh and reassuringly safe, for your own peace of mind.

FLUSH.

CLEANET AURIA is further enhanced by the innovative Silent Flush 2.0 technology, which minimises noise during flushing with its powerful and ultra-quiet vortex. Rimless technology and protective surfaces ensure lasting cleanliness, while simple maintenance ensures long-term reliability. A flush that feels familiar, yet surpasses every expectation.

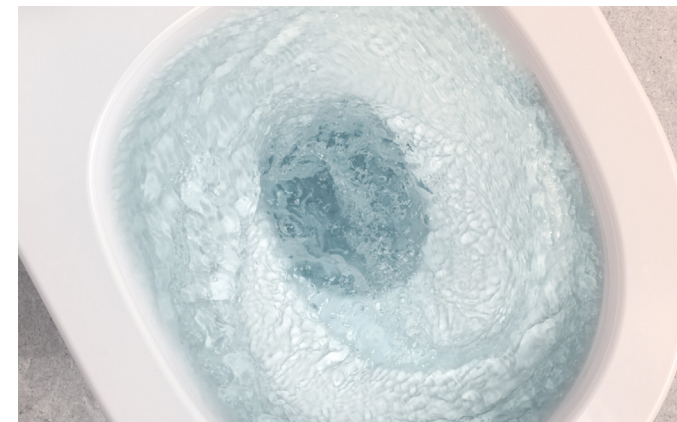

WASH.

Three shower functions provide tailored cleansing, including a delicate lady wash. Water temperature, position and intensity adjust with ease, while the gentle drying function follows naturally. Discreet technology works in the background, so the experience feels intuitive, comfortable and perfectly personal.

THE FUNCTIONS

SILENT FLUSH 2.0

Using a powerful yet quiet vortex, Silent Flush delivers effortless hygiene and outstanding cleaning performance.

ENCLOSED CERAMIC BODY

All the intelligence is concealed within the ceramic, preserving a pure, minimalist aesthetic for the bathroom.

LAUFEN CLEAN COAT

Creating a smooth surface that resists deposits, dirt particles, and bacteria, making it exceptionally easy to clean.

RECESSED SHOWER ARM WITH ADDITIONAL UV DISINFECTION

Uses UV light disinfection and water after each use, eliminating 99% of bacteria and ensuring superior hygiene.

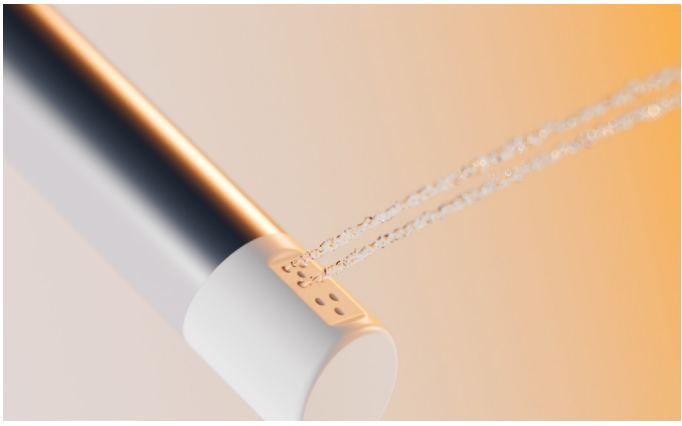

REMOVEABLE SEAT & COVER WITH SOFT-CLOSE MECHANISM

Two different modes for the rear wash and the intensive wash. The lady wash gently cleans with a soft water jet from three precise outlets, providing a refreshing and soothing cleansing experience.

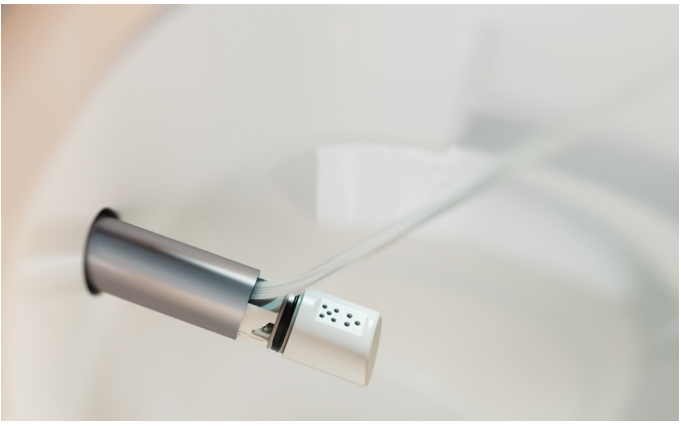

THERMAL CLEANING

The thermal cleaning cleans the entire water-carrying system with water heated to 70 degrees. The system tells the user when this action is needed via the remote control and indicator light on the WC.

REAR, POWER AND LADY SHOWER

Two different modes for the rear wash while the lady wash gently cleans with a soft water jet from three precise outlets, providing a refreshing and soothing cleansing experience.

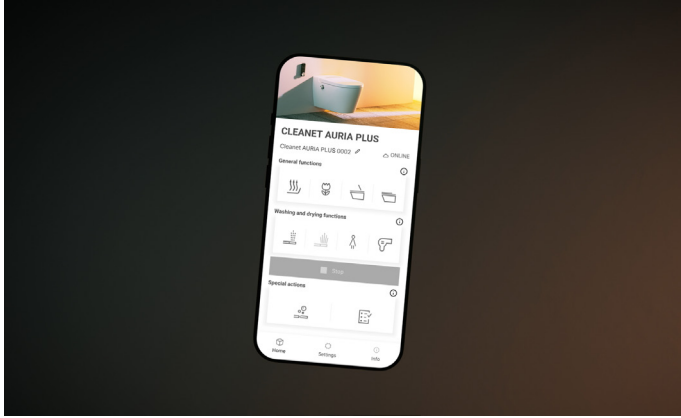

HIGH-EFFICIENCY AIR-DRYER

Integrated into the shower arm, the dryer does not require an additional opening in the ceramic. The integrated dryer is protected from dirt and adjustable to 7 temperature levels.

CONTROLS

The side control activates the dryer and shower, allowing for adjustment in strength and position. The remote control lets you personalize pressure, temperature, and position.

SMART AUTOMATION

The LAUFEN SmartControl app allows the device to be easily integrated into your home. Functions such as cover opening, seat heating, and odour extraction can be automated.

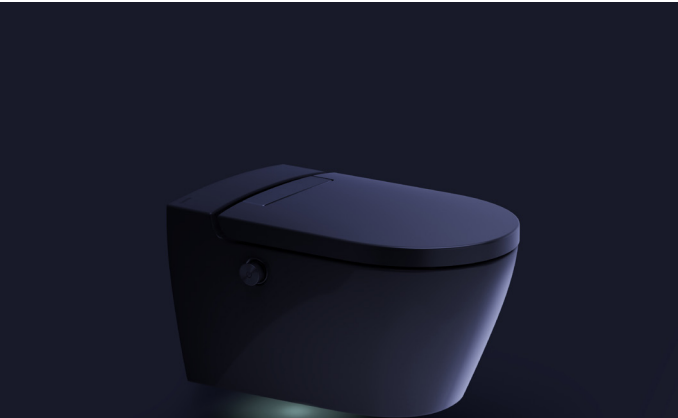

SEAT HEATING

Adjustable heating to suit personal preferences, with an evenly distributed heat. Heating times can be set in the app.

AIR PURIFICATION

Automatically activated upon user detection ensuring a fresh and pleasant environment.

AMBIENT LIGHT

A reassuring orientation light beneath the ceramic bowl features an automatic on/off mode, adjustable via the Smart Control app.

AUTO-OPEN

Integrated auto-open cover with sensor technology – this sensor technology also automatically activates the ambient lighting and air purifier.

SWISS DESIGN

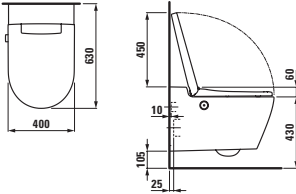

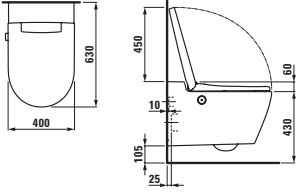

Renowned worldwide for its precision and restraint, Swiss design delivers an understated aesthetic without the need for excess.

MULTIPLE COLOUR OPTIONS

Available in white, white matt, or black matt ceramic, CLEANET AURIA offers refined colour choices complemented by titanium black matt or inox brushed controls.
