## NIA

Seamless design and a smooth surface structure characterise the new LAUFEN NIA shower trays. Crafted with precision and finesse, its ultra[1]flat profile allows for a flush installation, while the INEOLINK wall outlet unit, with minimalistic cover, creates a rimless, sophisticated aesthetic.

MARBOND

## Marbond

Marbond is a composite material made of two layers which are extremely well connected with each other: The basis is formed by a high-quality mineral casting material, the surface is coated with a two millimetre thick acrylic layer. Marbond is hygienic, easy to clean, temperature resistant according to EN 263 and anti-slip (class C).
