PRO S

With great sensitivity, designer Peter Wirz of Vetica Design has evolved the LAUFEN PRO concept into a slimmer, more geometric form. Defined by precise radii and a light silhouette, LAUFEN PRO S unites elegance with everyday functionality, bringing premium design within reach while combining effortlessly with existing pieces from the LAUFEN PRO collection.

MARBOND

Marbond

Marbond is a composite material made of two layers which are extremely well connected with each other: The basis is formed by a high-quality mineral casting material, the surface is coated with a two millimetre thick acrylic layer. Marbond is hygienic, easy to clean, temperature resistant according to EN 263 and anti-slip (class C).
