HOME
COLLECTION

The HOME COLLECTION brings Saphirkeramik into other rooms of the house for the first time. The range includes objects and accessories, which resulted from the collaboration with internationally renowned designers, and of the ongoing dialogue with the world of art and design that LAUFEN has always supported. Small sculptures decorate not only the bathroom, they can also add an elegant and original touch to other rooms in the house.

Saphirkeramik

Saphirkeramik, patented and available on the market is one of the latest, globally significant innovation from LAUFEN. This revolutionary, ceramic material reaches its exceptional hardness blended with corundum, a colourless mineral, which is a component of sapphires. This gives Saphirkeramik a flexural strength equal to that of steel. Yet it has the potential to be wafer-thin, giving designers almost infinite freedom to experiment – and tear up the rulebook of bathroom design.
